Message from the Board of Directors

SCG has continuously carried on its business for over 100 years under the thorough supervision of the Board of Directors to fulfill its commitment to just and responsible business conduct toward every stakeholder and adherence to the long-standing principles observed and practiced since the Company's establishment. All of this is achieved under the Code of Conduct, which is constantly reviewed and adjusted to reflect economic and social changes on the basis of balanced and sustainable growth.

The Board of Directors has deemed that the principle of Corporate Governance is a universally-accepted organizational management guideline that closely corresponds with SCG’s core values and Code of Conduct. As such, the Company has compiled and employed various bodies of knowledge and practices relevant to organizational management in its business conduct, which is rooted in ethics, integrity, and social responsibility, as consistently practiced and passed down from generation to generation insofar as it is evident and accepted that such guidelines truly correspond with and achieve the same objectives as the principles prescribed by the SCG Corporate Governance. Therefore, these guidelines have been compiled in SCG Corporate Governance, first published in 2003.

Given the shifting social and economic landscape as well as the global climate of attempts to define guidelines and principles for organizational management that are in line with international corporate governance standards so as to create confidence in stakeholders and promote sustainable growth, the Board of Directors has approved a revision of the content of SCG Corporate Governance to keep it aligned with current changes. The revision is carried out in adherence to The Principles of Good Corporate Governance for Listed Companies 2012 stipulated by the Stock Exchange of Thailand, Corporate Governance Code for Listed Company 2017 stipulated by The Securities and Exchange Commission, and The Thai Institute of Directors Association as well as the ASEAN Corporate Governance Scorecard, which aims to elevate corporate governance of listed companies in ASEAN nations to international standards.

SCG aims to develop the organization as a model in Corporate Governance and has declared such a commitment in SCG visions because of its conviction that SCG Corporate Governance is a management system that will create fairness, transparency, return, and added values for shareholders in the long run as well as create confidence in every stakeholder and promote the Company’s competitive capability for sustainable growth.

Moreover, corporate governance is specified as one of the main items on the agenda at the Board of Directors’ meeting.

Guidelines on SCG’s Corporate Governance

(1) The Rights of Shareholders

SCG has the policy to support, promote, and facilitate every shareholder including institutional investors to ensure that shareholders, both as investors and owners of the Company, are entitled to all basic rights meeting widely accepted and reliable standards, which include the right to freely trade or transfer their own shares, the right to receive dividends from the Company, the right to attend Shareholders’ Meetings, the right to propose in advance the Meeting agenda, the right to nominate a person to be a director, the right to express opinions independently, and the right to make decisions on important affairs of the Company, e.g., the election of directors, the appointment of auditors and determination of the audit fee, approval of significant transactions influencing the Company’s direction, as well as amendment of Memorandum of Association and Articles of Association of the Company, etc. Each shareholder has the right to vote at meetings according to the number of shares owned whereby one share is entitled to one vote, and no particular shareholder allows privilege over the rights of other shareholders.

Apart from the abovementioned rights of the shareholders, SCG has made additional efforts to encourage and facilitate shareholders to exercise their rights as follows:
1.1 Prior to the date of the Meeting, SCG provides clarifications and rationales for each agenda item to ensure that all shareholders have significant and sufficiently detailed information for studying well in advance. Such information, both in Thai and English, will be posted on SCG’s website around two months before the date of the Meeting and the related documents are submitted to shareholders more than 20 days prior to the Meeting. This allows the shareholders to be informed of clear and sufficient information prior to the meeting. The company avoids additional items which are not placed in the agenda prior to the meeting.

1.2 Any shareholder who is unable to attend a Meeting is entitled to appoint a representative, e.g., an independent director or other person, to act as proxy at the meeting.

1.3 The Company provides opportunities for the shareholders to submit related questions to the agenda or other information prior to the Meeting to the email address: corporate@scg.com or to the Company’s address.

1.4 The Company sets aside a period of time for shareholders and encourages them to voice their opinions and submit inquiries to the Board of Directors on matters relevant to the Company in the Annual General Meeting of Shareholders. In addition, key inquiries and explanations in the meeting are recorded for reference in the minutes for shareholders not attending the meeting.

1.5 In voting in the Annual General Meeting of Shareholders, the Company has implemented voting cards for every agenda and employed a barcode system in vote counting for convenience and expedition. In addition, representatives from the Company’s auditors also bear witness to the vote counting, and the votes are clearly declared in the minutes of the Annual General Meeting of Shareholders, detailing approval, disapproval, and abstained votes for each agenda requiring voting.

If the nomination constitutes an agenda, the Company will declare it in the notification letter as a shareholder-proposed agenda. In the event that the Board of Directors disapproves including the nomination in the agenda, the Company will declare its rationale at the Annual General Meeting of Shareholders.

Furthermore, at the same time, the Company also provides the opportunity of every shareholder to nominate candidates to be elected as a director beforehand. The nominated candidates will be considered by the Governance and Nomination Committee along with other candidates as per director candidate selection criteria. Afterwards, the list of appropriate candidates for directorship will then be presented to the Board of Directors for consideration before being presented to the Annual General Meeting of Shareholders for approval.

SCG provides channels for minor shareholders to give suggestions, express opinions or file complaints to the independent directors directly via e-mail at ind_dir@scg.com. The independent directors are responsible for handling each matter appropriately such as investigating and seeking a proper solution. On the other hand, if there is a suggestion that is considered to affect the stakeholders or the business, the independent director will report it to the Board of Directors’ meeting for consideration and include it in the agenda of the Shareholders’ Meeting.

2.2 Preventing Misuse of Internal Information

The Board of Directors has formulated Insider Trading Policy to serve as guidelines for appropriate management of internal information and prevent information leaks, as they could be exploited and give rise to unfair advantage, which is not only illegal but may also negatively impact the reputation of SCG. In addition, SCG has also put in place a blackout period, during which trading in SCG securities is prohibited as follows:

- The Company’s Directors, executives, and employees related to insider information (including their spouses or de facto partners) shall not trade in the securities of SCG’s listed

The company secretary shall deliver a copy of such a report to the Chairman and Chairman of the Audit Committee within seven days upon the receipt of the report.

- In case any director or executive has a vested interest in any agenda item under consideration, such a person must not attend the meeting or must abstain from voting on such an agenda item. This is to ensure that the Board and executives make decisions in a fair manner for the utmost benefit of shareholders.

5. Those who incur harm will be compensated in a fair and appropriate manner.
3.2 Stakeholder Engagement Policy

**Stakeholder Engagement Policy**

SCG has always paid close attention to the engagement of stakeholders. This is evident from the corporate philosophy of engaging in business based on morality and responsibility to society as well as being a good citizen, implementing the code of conduct as a basis of work of all employees, employing the good corporate governance as a principle of management and exercising the sustainable development of SCG.

Along with the changing of the society, environment, and business conditions, groups of stakeholders are more complicated and carry higher expectations of fair treatment and demand participation in the expression of opinions, process of decision-making, and governance of affected issues. The engagement of stakeholders is thus more important than ever. SCG, therefore, provides “SCG Stakeholder Engagement Policy” in writing as a clear guideline for SCG employees in conducting business so as to offer shareholders long-term value added and more concerns to the impact over SCG stakeholders.

**Definition of Stakeholders**

Stakeholders are persons or groups of persons who are directly or indirectly affected by a business operation of SCG, as well as those who may have interests in a business operation of SCG, or abilities to influence over the outcomes of a business operation of SCG such as customers, employees, communities, shareholders, business partners, government agencies, intellectual leaders, etc.

**Stakeholder Engagement Policy**

SCG is committed to acting as a good citizen of society, especially in every community where SCG has business operations. It honours the rights of stakeholders and treats them fairly, listens to their opinions and concerns, builds understanding with stakeholders, encourages co-operation constructively in matters that interest stakeholders, and takes part in developing society and environment so that SCG continues developing its business sustainably.
Guidelines for the Engagement of Stakeholders

1. Determining, Identifying, and Analyzing Stakeholders

Clearly determine, identify and categorize stakeholders taking into consideration the connection with each business unit in order to be able to analyze the risks and impacts, direct or indirect, incurred to each group of stakeholders comprehensively and clearly by bearing in mind that each group of stakeholders has its own set of perspectives and expectations. Different strategies and priorities of implementation thus need to be formulated for each respective group.

Determine material sustainable development issues that affect decision making, operations, and operational effectiveness of SCG or stakeholders. In the formulation of business strategy formulation, identify the relationships and materiality of issues to SCG and stakeholders.

Develop stakeholder maps to identify stakeholders and relevant parties in SCG and to understand the perspective of stakeholders, potential impacts, and expectations of each stakeholder group. These stakeholder maps will be used in designing means of responding to the needs of stakeholders as well as appropriate strategies and communication methods that will sustainably influence the operation of SCG.

Good relations with stakeholders should be initiated from the very beginning, that is, from the planning stage, so that plans can be adjusted or work procedures can be revised on time.

2. Adopting Communication Strategies

Closely communicate and persistently build understanding with stakeholders in order to gain correct perception and lead to good relationship with and trust from stakeholders by adopting particular communication strategies, methods, formats, and procedures suitable to each group of stakeholders, situation, duration, and local culture. This may be determined by the degree of damage or the possible impact incurred from negligence or inaction.

3. Disclosing Information

Disclose information accurately, explicitly, transparently, and comprehensively in order to assure that the stakeholders received sufficient, consistent, and timely information. For example, the disclosure of useful information should be done at the appropriate time, stated the real purpose of information and assured that there is a transparent process of reporting information to stakeholders.
However, in disclosing information, one should consider a factor of appropriateness and follow SCG Disclosure Policy.

4. **Encouraging Participation**

Encourage stakeholders to participate in matters that affect them; provide channels for receiving suggestions, problems, and complaints from stakeholders; give priority; welcome opinion and exchange views (Stakeholder Dialogue) constructively in order to perceive ideas, expectations, and needs of stakeholders. In doing the Stakeholder Dialogue, one must recognize that differences of stakeholders may affect the opinions, e.g. age, gender, education, experience, attitudes, etc. Moreover, one should provide preliminary information prior to discussion, report outcomes of the discussion, disseminate reports to participants, and collect information systematically. SCG should also consider participating in giving opinions and identifying problems or obstacles to those having roles in regulating rules and orders which could have a widespread economic, social, and environmental impact.

5. **Managing risks related to stakeholder engagement**

Anticipate, identify, and prioritize risks related to stakeholder engagement in order to prepare plans to ensure a creative exchange of opinion with stakeholders. Risks that should be considered include reluctance to participate, fatigue, dissatisfaction with SCG’s responses, presence of reserved stakeholders among those who prefer to share their opinion, presence stakeholders who intentionally obstruct an exchange of opinion, presence of stakeholders who have not received information, presence of stakeholders who do not have leverage, technical problems, and conflict among stakeholder groups.

6. **Reviewing and reporting**

Inspect and assess stakeholder engagement systematically to continuously enhance stakeholder engagement; develop action plans; foster cooperation between stakeholders and related parties in SCG, track the cooperation development process, and report to stakeholders. In addition, SCG must also disclose the overall results of its stakeholder engagement to the public, including obtained results, impact, and operation scopes, as well as demonstrate the relations between benefits from stakeholder engagement and SCG’s operations.
The Duty of the Management

The duty of the management is to ensure efficient and effective stakeholder engagement operations in accordance with the policy by providing suitable resources, such as budgets and sufficient knowledgeable and skilled responsible individuals, and by putting in place systems of taking suggestions from stakeholders, compiling information, monitor progress, and conducting assessment. Information on stakeholder engagement will be integrated into the Company’s corporate governance, strategies, and management at every level to create acceptance and develop sustainable business practices across the organization.

Insider Trading Policy

In the operation of SCG, the Company’s directors, executives, employees, and related parties must review and be informed of information that may affect securities prices and cannot be disclosed to shareholders, investors, or the general public. Therefore the use of insider information requires utmost management to prevent any leakage, misuse, or unfair advantage, which is not only illegal but may also affect the reputation of SCG.

As SCG has several guidelines on insider information management across various documents, such as SCG Code of Ethics, SCG Code of Conduct, SCG Employee Regulations, and other compliance measures, and as amendments and additions were made to the criteria related to insider information in the revised Securities and Exchange laws in 2016, the Board of Directors has approved the compilation of relevant practices and guidelines and the formulation of this insider trading policy in writing for every SCG director, executive, and employee to adopt and communicate accurately.

Policy

1. SCG is committed to complying with laws relevant to insider trading in every country SCG operates or plans to conduct business.

2. Any SCG director, executive, employee, or any external party who is privy to or is in possession of insider information through their duties:
   2.1 shall safeguard SCG’s insider information with utmost caution to prevent any possible leakage; and
   2.2 shall not disclose such information to another party not related to the operation to prevent the use of insider information for private interests or personal interests of others.

This is because such actions may affect the prices or value of the securities of SCG’s listed companies or other listed companies related to the insider information or may influence investment-related decisions.

3. Any SCG director, executive, employee, or any external party who is privy to or is in possession of insider information through their duties must not purchase or sale securities related to insider information that has not been publicly disclosed, which would create an unfair advantage over other traders who are not aware of such information.

4. SCG must impose a blackout period* to prevent risks of misuse of insider information.
5. SCG must put in place an internal information management system to prevent any possible leakage and the use of insider information in purchasing or selling securities for private interests or personal interests of others.

6. To ensure compliance with this policy, SCG Code of Ethics, SCG Code of Conduct, and the Company’s antitrust guidelines shall also be applied.

7. Non-compliance with this policy is considered a violation of SCG Code of Conduct.
Prohibition from Trading SCG Securities

The Board of Directors, top executives, employees responsible for related functions (as well as their spouses or cohabiting couples) are prohibited from trading the securities of SCG or other listed companies related to insider information for one month prior to the public disclosure of quarterly and annual financial statements and for 24 hours after the disclosure of the information.

The Company’s Directors, executives, and employees related to insider information (including their spouses or de facto partners) who are privy to undisclosed information that may affect the prices of securities of SCG’s listed companies or other listed companies related to the insider information shall not trade in the securities of such companies until 24 hours following the public disclosure has elapsed.

Remarks: Any person engaging in insider trading, regardless of whether it takes place during a blackout period, shall be liable to penalties in accordance with the Securities and Exchange Act B.E. 2535 by the Office of the Securities Exchange Commission (SEC), as follows:
